- **C (Self canceled)**-Test taker voluntarily canceled the score on the day of the test. Your score report includes all exams taken within the past five years from your most recent exam date. If you have self-canceled any exams during this time, your score report will include the self-canceled notation ("C"), however, no information about a self-canceled exam will be sent to schools.
- **P (Policy Violation)**-GMAC® canceled the score due to a testing policy violation by the test taker. Policy violation for purposes of this identifier includes improperly accessing a mobile phone or study materials, disruptive behavior that interfered with other test takers or test center personnel or noncompliance with any term or condition in the *GMAT Handbook*, the *GMAT Examination Testing Rules and Agreement*, or the *GMAT Non-Disclosure Agreement and General Terms of Use Statement*, other than incidents which are characterized as "serious violations," as defined at right.

- **T (Testing issue)**-GMAC canceled the score due to an issue that affected the administration of the test. Examples include, but are not limited to, administrative errors, equipment problems, issues related to registration or payment, and disruptions caused by illness, natural disasters or other emergencies.
- **S (Serious violation)**-GMAC canceled the score because of a discrepancy in, or falsification of, a test taker's identification; improper access to or any disclosure of test content prior to, during, or after the test administration; proxy testing; or falsification of score reports. (The use of "serious violation" for this purpose is not intended to minimize the significance or seriousness of other violations of GMAT testing rules.)
- **~ (Not Available)**-Score is missing because the GMAT did not include an Integrated Reasoning section prior to June 5, 2012.
