Amazing Achievements

This year's success stories are never-ending. Teddy Fogelman of Milken HS was accepted to Columbia and was fortunate enough to turn them down! He will attend his dream school of USC.

Teddy's sister Hannah scored 97% on a biology test that "everybody else failed." WOW!

LSAT Class

I intend to add a 6-week LSAT class to my menu this summer. Most likely, LSAT classes will be Sundays 6 – 9 pm. Specific dates will be reserved for a minimum of three students. The price is just \$450. If you or any friends are preparing for law school, please call!

Walk-In Hours Promotional

Unreserved weekend hours are open for walk-in business. Effective this summer, office walk-in hours will be reduced to \$30 / hr! Come visit me over the weekend for summer classes or SAT studies. Walk-in hours will be Saturdays 12 – 3 pm and Sundays 6 – 9 pm *unless reserved in advance*; it will be best to check the calendar or call ahead to confirm availability.

Referral Refund

Please help me to help you! Business is slowing down and I don't get any from advertising. It all comes from word-of-mouth, whether between friends or on review websites. To remind you of my referral policy: If you refer a friend who studies with me at least twice, I will refund the cost of your most recent lesson. I consider an online review equivalent to a referral, so the same refund applies.

[My Yelp profile](#)
[My Google+ profile](#)

If you have a pre-established Yelp or Google+ profile, use that one to write a review. If you have to create a new profile, then first spend a few days writing some reviews for other businesses (some good, some bad). Otherwise, the review will get filtered out. I double the refund if you have to go through the trouble of creating a new account.

The best review: **Uses key words** that future students will be searching for (e.g. "GRE class," "Physics homework," "SAT prep," "House calls" and the like); **mentions specifics** if you had great results or were disappointed by other services (e.g. "I improved my SAT score by 300 points," "Much better than Testmasters for a far lower price," or "Mathnasium doesn't make house calls"); **gives 5 stars** unless it explains how I couldn't meet all your needs (e.g. "I'm giving 4 stars because he doesn't offer Spanish and his newsletters suck!")

Please do not give out my cell phone number. Refer friends to the contact information on this letterhead.
